Born 1972, Denmark  
Lives and works in Copenhagen,  
Denmark

What is important to the Danish designer is that the wood tells a story, which she can enhance and continue to tell through her extraordinary level of craftsmanship. Bergsøe works with the veins and knots, twists and turns and poetically draws a reference to the origin of the wood. Her intention is to pass on some of her material understanding and enjoyment of wood through a high degree of tactility and craftsmanship, and to create a sense of wonder and responsibility towards the planet and its resources.

Each table is unique and holds a Signature Spike, a pure silver spike, placed into the side of the tabletop, which can be removed to reveal its story. Laura Bergsøe was trained as a Master Cabinetmaker from the prestigious Cabinetmaker Rud. Rasmussen's workshop in Copenhagen, 1995-99, and established her own workshop in Copenhagen in 2006. Her works have been included in various exhibitions, such as **“Natural State of Mind”**, Rundetaarn, Copenhagen, Denmark, 2015; **“Bergsøe Tables”**, Icon House Dubai, 2016; **“New Danish Modern”**, Aarhus, Denmark, 2017; **“Never Compete Nature”**, Oxford Street, London, 2019; **“Portrayal of Wood”**, Copenhagen, Denmark, 2023. Bergsøe's tables are part of important private collections and included in **Georg Jensen's flagship stores in Copenhagen, London, Munich, Stockholm, Tokyo, New York and Dubai.**
